PROGRESS OF SULZER TRIAL

ARGUMENT BEGUN BY COUNSEL MAY TAKE VOTE ON CHARGES SATURDAY.

Albany, N. Y., Oct. 9.—Fifty thousand words of legal argument delivered today by opposing counsel brought a verdict in the trial of Gov. William Sulzer, the impeached executive, one day nearer.

Another day will be similarly occupied tomorrow, at the end of which the High Court will go into executive session. It is expected, to determine procedure in deciding the guilt or innocence of the accused. The court probably will then adjourn until Tuesday. There is some talk tonight, however, of taking a vote Saturday. The public will be admitted to hear the vote on the verdict. Each of the eight articles of impeachment will be voted upon separately, it is expected, and there being fifty-seven members of the court in attendance, 38 ayes will be the necessary two-thirds majority to convict.

In the event of the conviction a vote probably will be taken as to whether the governor should be removed from office and another as to whether he should be disqualified from holding office in this state hereafter.

Louis Marshall for the defense and Alton B. Parker for the Assembly managers occupied the sessions of the court today. Marshall impeached the motives of those against the Governor as based on "Passion and caprice" and Parker denounced the Governor as one whom the "uncontradicted proofs which have been spread

upon this record" showed as no longer "fit to be the Chief Executive of this State," and for whom it was absolutely impossible ever to regain the confidence of the people.

"The Governor knew," Judge Parker said, "that when he signed the statement of campaign contributions placed before him by his secretary, Louis A. Sarecky, that the statement was untrue."

"The man who read that list and examined it," continued the attorney, "knew it was not true. It does not help him for the boy Sarecky to say he did the best he could. His master, William Sulzer, knew it was a lie."

Scores Duncan W. Peck

Louis Marshall devoted several scathing pages of his address to the testimony of Duncan W. Peck, Superintendent of Public Works, who swore that Gov. Sulzer had asked him to deny under oath that he had given him a \$500 contribution. Marshall declared that his story was a "brazen counterfeit" and accused Peck of having a strong motive for so testifying, because, Joan A. Hennessy, the Governor's special investigator, had unearthed "irregularities of a serious nature" in Peck's department. He said that Peck's testimony "would enable him to aid in the destruction of the man who had set in motion the investigation which threatened not only the office which he held, but his very liberty."

This evoked a statement from Peck tonight in which he characterized Marshall's attack upon him as a "lie, told for pay."

Judge Parker did not finish his address today. He occupied more than two hours this afternoon and dealt only with articles 1, 2 and 5, "the money articles" of the impeachment charges.

He will address the court again tomorrow.

San Francisco Celebrates.
San Francisco, Cal., Oct. 10.—San Francisco, which expects to reap immeasurable benefits from the opening of the Panama canal, today indulged in a joyous celebration of the blowing up of the Gamboa dyke, which marks the practical completion of the great waterway connecting the Atlantic and Pacific oceans. The celebration began upon the receipt of a telegraphic signal from the canal zone announcing the destruction of the dyke. Flares were thrown to the breeze, salutes were fired by the warships and the harbor forts, whistles were blown throughout the city and public ceremonies were held in Union Square. Later in the day a large crowd gathered at the exposition grounds, where the site for the Republic of Panama building was formally dedicated by Joseph Lefevre, first secretary of the Panama Legation at Washington.

Menagerie a School of Natural History
There are more than 1,000 animals in the menagerie of Ringling Brothers' World's Greatest circus which is soon to exhibit in this city. Very few people outside the wilderness of the far east and the polar countries have seen one half the various specimens on exhibition there. There are more than one half of all the elephants in America, vast herds of camels and dromedaries, yaks and other semi-domestic animals. There are all varieties of the deer, bear, monkeys, cat and antelope tribes. Among the rarer specimens are vial vaarks, ibexes, rhinoceri, hippopotami, emues, giraffes, nyghaund, apirs, ant-eaters, porcupines, percaries, gnus, water boks, horned horses, sacred cattle, civet cats and various living things that defy analysis.

Nester of Auto Manufacturers.

South Bend, Ind. Oct. 10.—John Mohler Studebaker, the sole survivor of the famous five Studebaker brothers who developed the great business which annually builds and markets more automobiles and horse-drawn vehicles than any manufacturer in the world, celebrated his eightieth birthday today. He is still enjoying fairly good health and, although he retired from the active management of the business several years ago, he is still taking an active interest in the work and keeps in close touch with all its departments.

John M. Studebaker was born in Gettysburg, Pa., October 10, 1833, the son of John and Rebecca (Mohler) Studebaker. He was only two years of age when his parents removed to Ashtabula County, Ohio. There he received a common school education and in 1851 removed with his parents and the other children to South Bend, Ind. During the following winter John made the woodwork for a wagon, for which his brothers Henry and Clem made the iron work. In this wagon the three brothers and several other young men went to California in search of gold. The company was disbanded in Hangtown, Calif. on August 31, 1853. John found employment with a blacksmith whose partner he became. Five years later he returned to South Bend, bought his brother Henry's interest in the firm of Studebaker Brothers, which then became C. & J. M. Studebaker. Later two other brothers joined the firm, which was changed into the Studebaker Bros. Manufacturing Company and gradually developed into the largest works for the manufacture of all kinds of horse-drawn vehicles in the world. When automobiles were first introduced the company took up their manufacture and became one of the greatest producers in the world.

The directors of the Panama-Pacific Exposition are issuing term passes to business agents of trade unions and central councils, admitting them to the grounds in the pursuit of their duties and to see that only union men are employed.

KILLED BY LIGHTNING

W. O. ALLEN, CONSTABLE OF FITZ. HUGH TOWNSHIP, VICTIM. BARN BURNED.

During the rainstorm this morning W. O. Allen, constable of Fitzhugh township was struck by lightning and instantly killed.

The tragedy occurred on J. D. Rinard's place a mile and a half southwest of Roff. Allen was in the barn when it was struck and fired. Three mules belonging to Allen were killed, and the barn, containing about \$500 worth of feed belonging to Mr. Rinard was burned. Besides this a bale of cotton was burned. The barn was probably worth \$500 and there was no insurance on anything.

Mr. Allen was well known all over the county and had an excellent reputation as a man and an officer. His untimely death is a cause for deep regret.

CARL MORRIS LOSES FIGHT ON FOUL

New York, Oct. 9.—Gunboat Smith of California defeated Carl Morris of Oklahoma in the fifth round of a ten-round fight here tonight. The referee disqualified Morris for fouling. The California heavyweight had the better of the match in every round except the

second. Morris was fifty-four pounds heavier than his opponent, and was very clumsy and awkward often trying to get the better of Smith by sheer force of superior weight. Smith did the cleaner work by far.

In the first round Smith did a lot of holding, but managed to get in several good blows. The second round went to Morris. He rushed Smith to the ropes and at close quarters got in a left and right to the head. Morris did considerable roughing in the third and was cautioned for holding. Smith landed a right swing to the head and put his right four times to the body.

There were cries of foul in the fourth round, when Morris hit Gunboat low, but the referee disregarded them. Morris sent left and right to the head, while Smith got to the Oklahoma man's body. Smith staggered his man with a right to the head and Morris resorted to holding tactics. Gunboat sent three hard rights to the head, and Morris went into a clinch. Morris sent a right to Smith's jaw at the bell.

In the fifth Gunboat rushed and put a hard right to the body. Then Morris landed both hands to the Californian's body, Smith coming back with a right to the wind. Morris sent a right to the head and was then cautioned for holding. Morris played for the body. Smith got inside and sent a short right hook to the head at close quarters. In a mix-up which followed Morris hit Smith very low on the body. Smith staggered to the ropes and tried to put himself toward his corner, and the referee disqualified Morris.

Morris was the favorite, and the crowd cheered him loudly as he left the ring. Smith being hissed as his seconds assisted him to his dressing room.

WEST GOES AFTER MUSKOGEE FAIR

Oklahoma City, Oct. 10.—Attorney General Charles West Thursday afternoon filed with the supreme court application for leave to file ouster proceedings against the Muskogee Fair association, for forfeiture of its charter on the ground that it is allowing race track gambling in violation of law. He will appear before the court at 10 o'clock tomorrow morning and ask for a temporary writ of injunction ancillary to the ouster proceeding to prevent the continuance of the alleged illegal practices.

Cotton has held steady today, closing three or four points above the opening.

When cotton first began to decline

Loss of Appetite

Is the first signal of disorder and
decay. The usual loss of appetite is
often caused by functional distur-
bances in the stomach. The stomach
fails to do the work required, the ap-
petite is gone, and the body suffers
from lack of nourishment. Such a
stomach needs to be cleaned and sweet-
ened. Meritol Tonic Digestive is

NORMAL NOTES

By Hu Bils.

On next Friday East Central has
her second football game. It is with
Tahlequah and is to be played on our
field. We have never had games of any
kind with this school since the first
year and it will be rather a new ven-
ture with us, but we think we can win.
Those of you who saw the Shawnee
game, know just what our team can
do and just what a visiting team will
have to put out to win over East Cen-
tral.

Claude McMillan has been shifted to
quarter and Wallace has been moved
to full. Matthews is still out of the
game on account of the bad ankle.
As Coach Clarke was in Norman Mon-
day he brought back some new
wrinkles which the "Sooners" are
are using and they will be applied
to East Central team.

The world's series game played to-
day in Ada was pulled off under some
difficulties. The rain made it neces-
sary to shift the scene of the game
under the awning of Crowder's barber
shop and it was a hard matter for the
spectators to stand under such a small
space and keep dry while they watch-
ed the progress of the game. However,
none lost any of his enthusiasm.

The rain of this morning evidently
did not extend very far north. W. C.
Jones reports that very little fell at
Tyrola. However, the chances are that
plenty fell there during the down-
pour of the afternoon.

This evening the Majestic will be
on the boards with three first class
reels as follows: For Haz. Slater's Sake
A Mansion of Misery and Pathe's Week
ly. Comfortable quarters and a good
program that will make you forget all
troubles. Come out and see it.

Freedom for Canal Zone Slayer.

Panama, Oct. 10.—J. Frank Houston
who, last February, killed his fellow-
canal worker Harry Stern, whom he
accused of ruining his home, will be
given his freedom tomorrow, after hav-
ing spent nine months in prison. His
release is the result of a pardon grant-
ed him by the Department of Civil Ad-
ministration in the Canal Zone upon
order of Col. Goethals. The trial
judges condemned Houston to ten
years in prison. At the time the pub-
lic was greatly incensed because he
was not given a jury trial, and the
action of Col. Goethals in freeing
Houston has caused great satisfaction
among all classes here.

Mooney! Baby To Rule the House

No Longer Do Women Fear The Great-
est of All Human Bloodings.

It is a joy and comfort to know that
those much-talked-of palms and other dis-
tresses that are said to precede child-bear-
ing may easily be avoided. No woman need
fear the slightest discomfort if she will
fortify herself with the well-known and
time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, es-
sential application that at once softens and
makes pliant the abdominal muscles and
ligaments. They naturally expand without
the slightest strain, and thus not only
banish all tendency to nervous, twitching
spells, but there is an entire freedom from
nausea, discomfort, sleeplessness and dread
that so often leave their impress upon the
baby.

The occasion is therefore one of un-
bounded, joyful anticipation, and too much
stress can not be laid upon the remarkable
influence which a mother's happy, prenatal
disposition has upon the health and suc-
cesses of the generation to come.

Mother's Friend is recommended only for
the relief and comfort of expectant mothers,
thousands of whom have used and recom-
mend it. You will find it on sale at all drug
stores at \$1.00 a bottle. Write to-day to the
Bradford Regulator Co., 130 Lamar Bldg.,
Atlanta, Ga., for a most instructive book on
this greatest of all subjects, motherhood.

RINGLING ADVERTISING

CAR AT ADA

The advance car of the Ringling
circus was in the city today and an
immense amount of advertising post-
ers and distributed. It has been seven
or eight years since this big circus
showed here and the record breaking
crowd on that date is still talked
about by the old timers. This time it
will likely be still larger, for the popu-
lation of this part of the country has
greatly increased since that time and
the fame of Ringling always draws an
immense crowd.

ROSENFELD FINDS

SURE-HAIR-RESTORE

When L. Rosenfeld returned from
St. Louis Thursday afternoon interest
in the World's Series was overshadow-
ed for a time. It was discovered that
although he had a high and retreating
forehead when he left home, he now
had as good a head of hair as anybody
all nicely parted and wavy. It was
some time before several skeptics
would acknowledge that they knew
him at all thus disguised, but since
then they have been offering con-
jectures on how it happened. A few have
been so mean as to surmise that it
was due to the invigorating qualities
of an unlimited supply of Bud, but
of course that is all a slander and the
secret is still Mr. Rosenfeld's.

cial demonstrator to explain the su-
perior points of Cole's Hot Blast stoves.

DAY OF ATONEMENT

BEGINS AT SUNDOWN

New York, Oct. 10.—There is no
greater and more generally observed
holiday in the Jewish calendar than
Yom Kippur, the Day of Atonement,
the observance of which will begin at
sunset today and continue, with the
orthodox, without interruption until
the first stars become visible in the
sky tomorrow. It is the tenth day of
the month of Tishri and ends the pe-
riod of ten days of penitence which
began with Rosh Hashona. No day is
holier to the Jews than this, the most
rigorously observed of all days of
fasting and penitence.

Beginning with sunset today all or-
thodox Jews suspend their work and
congregate in their temples and syna-
gogues where they will spend day and
night, fasting and praying, until sun-
down tomorrow. From this rigorous
fast are exempt only the sick, child-
ren of tender age and very old per-
sons who would break down under
the long fast. Before entering upon
the fast a bountiful repast is partaken
of. After this is disposed of all re-
pair to the synagogue for the "Nol
Nidre" service, which is the most
beautiful and impressive in the Jew-
ish ritual. The ultra orthodox remain
in the synagogue through the night
and the following day, while the less
strict observers and those who by
age or sickness are exempt from fast-
ing return to their homes, where they
remain quietly until the day of fast-
ing is ended. One of the features of
Yom Kippur is its general observance
by Jews all over the world. Even the
so-called Reform Jews observe the
day, although, as a rule, they do not
abstain from food and do not spend
the whole night and day in their
houses of worship.

According to the Talmud, each
man's conduct is judged and his des-
tiny decided on New Year's Day, and
the decree of Heaven is sealed on the
Day of Atonement. The ten peniten-
tial days, beginning with Rosh Hash-
ona and ending with Yom Kippur, are
therefore devoted by orthodox Jews

RAIN AND HAIL

STOP FOOTBALL GAME

Two quarters of the football game between Ada High school and Wetumka this afternoon before the rain and hail storm struck. It resulted in a score of 6 to 0 in favor of the home team. Another game will be played sometime later to settle the matter of superiority.

When the rain began this morning an effort was made to get in communication with the Wetumka team and advise them that the game had better be postponed, but it was too late and the team arrived on the noon train.

THREE CONVICTIONS

IN COUNTY COURT

The jury in the George High case Thursday afternoon, returned a verdict of guilty, assessing a penalty of \$500 and six months. The case grew out of a physician's prescription for alcohol, which High was alleged to have filled.

Gaming cases against Oco Teal and "Black Diamond," appealed from the city court resulted in verdicts of guilty.

The court has been dealing with probate matters this afternoon and will not likely consider any more criminal cases at this time.

IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys Occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. (Adv.)

A fire alarm was turned in Thursday evening from Judge C. A. Galbraith's home place. This set fire to the wall paper, but it was extinguished before much damage was done.

WIN THREE OUT OF FOUR GAMES OF WORLD'S SERIES BY SCORE OF 6 TO 5.

The Philadelphia Athletics continued their winning streak today by defeating the Giants in a hard fought game, which resulted in a score of 6 to 5, thus putting the pennant almost within reach of the Athletics. In the fifth inning of today's game Demaree and McLean, battery for New York, were replaced by Marquard and Wilson. The victorious team was held without a score for the remainder of the game. The Giants scored 3 in the sixth and 2 in the seventh, thus saving the team from suffering a disastrous defeat as was administered in yesterday's game.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Thickness

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy and luxuriant.

WILSON TO BLOW UP GAMBOA DIKE

Panama, Oct. 9.—Upon the request of President Woodrow Wilson, the hour when the Gamboa Diike, which now separates the waters of Gatun Lake from the Culebra Cut, will be blown up by dynamite tomorrow, has been changed from 9 o'clock in the morning to 2 o'clock in the afternoon. The president at that hour will, through the medium of the telegraph and cables, throw a switch here which will touch off the blast intended to destroy the dike.

The blast will be the largest ever attempted in work on the Panama Canal.

More than 1,000 holes have been drilled in the dike and each hole contains from 80 to 100 pounds of dynamite, amounting in the aggregate to forty tons.

One Week

Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

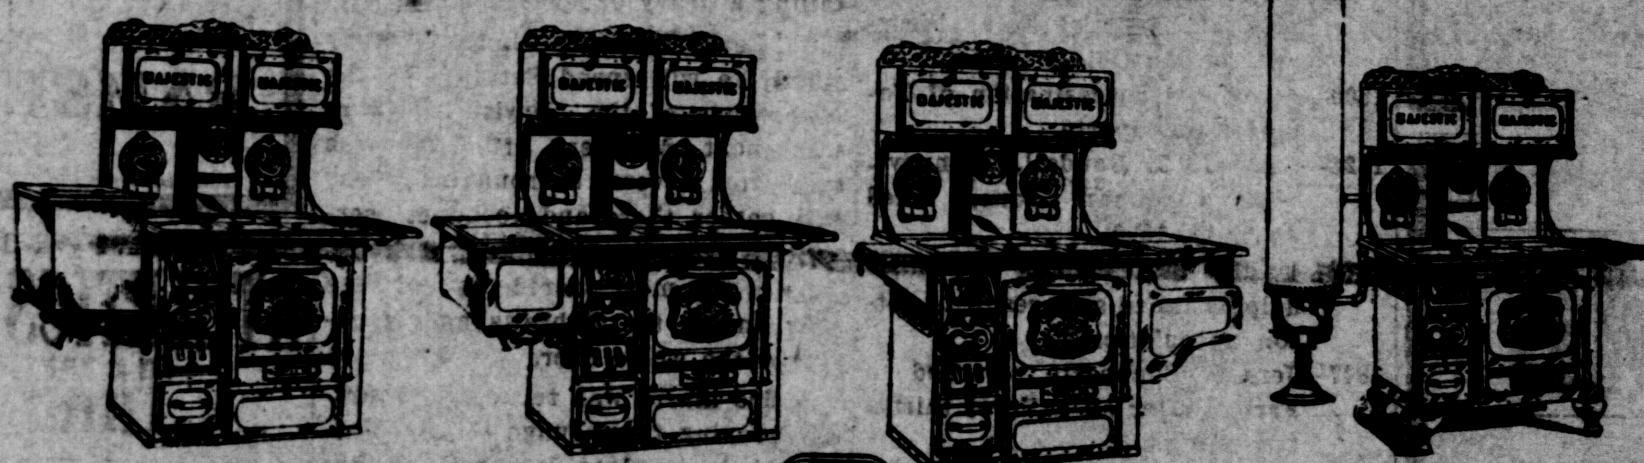

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen;" you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weak.

DON'T FAIL TO SEE IT.

SPECIAL All during this week a special demonstrator direct from the Majestic Factory will be glad to show you "All About Ranges," show you why the MAJESTIC is the best range on earth at any price. Come, If You Intend to Buy or Not—Education lies in KNOWING THINGS—know how the oven of a range is heated—know how the water is heated—how the top is heated—why the Majestic uses so little fuel—know how a range is made inside and outside. As it has been a number of years since the entire family has gathered around the parental board, this occasion is one that brings much rejoicing to the hearts of the parents.

John Wanamaker is 73.

Philadelphia, Pa., July 11.—Receiving congratulations from friends in all parts of the country, John Wanamaker, the celebrated merchant and philanthropist, quietly observed his seventy-fifth birthday anniversary today. Mr. Wanamaker was born in Philadelphia and has passed the whole of his life here, with the exception of a year that he spent in Indiana in early manhood and the several years when his position as Postmaster General necessitated his residence in Washington. Since his serious illness of a year or so ago the famous merchant has withdrawn to some extent from active participation in business affairs. Much of his attention is given to the Y. M. C. A., the Sunday school and the numerous charities and philanthropies of which he has been a generous supporter for many years.

Packing Food in Ferns.

In Germany the use of ferns is coming into more and more favor for packing food which is transported either short or long distances. The practice became common in England before it gained equal vogue in Germany, and the results are said to be excellent, especially in shipping fresh fruit, butter, fish and other food products which require unusual care.

Be Modest.

Never seem to affect the character in which you wish to shine. Modesty is the only sure bait when you angle for praise. By modesty I do not mean timidity and awkward bashfulness. On the contrary, be inwardly firm and steady, know your own value, but take care to let nobody discover that you know it. Whatever real merit you have, other people will discover and people always magnify their own discoveries, as they lessen those of others.—Lord Chesterfield.

Spolling Children.

Little children give their mother the headache; but if she lets them have their own way, when they grow up to be great children they will give her the heartache. Fondness spoils many, and letting little faults alone spoils more. Gardens that are never weeded will grow very little worth gathering. All watering and no hoeing will make a very bad crop. A child may have too much of its mother's love and in the long run it may turn out that it had too little.—C. H. Spurgeon.
